Ahoskie High School
Ahoskie, North Carolina

Foreword

The Student Council of Ahoskie High School started the school year 1960-61 fired with new ambition and high resolve. We hope and believe that we have been able to reach some of our goals of service to Ahoskie High School. Whatever success we may have attained we attribute to the wholehearted cooperation of the faculty and our fellow students.

I have cherished the honor and privilege of serving as your Student Council President. I should like to extend my special thanks to Miss Tayloe, our faculty advisor, and to the individual council members for their untiring efforts in making this an outstanding year.

We admire and respect this member of our faculty for the high standard of work which she requires of her students. That she is a fine instructor is attested by the fact that students trained by her are able to meet college mathematics standards without great difficulty.

In addition to her fine professional standards our dedicatee has a deep and genuine personal interest in her students, together with an unfailing willingness to help them with their problems, mathematical or otherwise. She is their friend as well as their teacher.

To Mrs. Harold B. Sessoms, we are honored to dedicate this yearbook of Ahoskie School for 1960-61.

Administration

May I offer my congratulations, along with the other members of the Board, for the years of loyalty and cooperation to your school and faculty. It is not only what the school gives you, but what you give the school, because I believe you share with us the burden and joy of maintaining our fine school.

You are like Educators in a very real sense, always living three days at a time, yesterday, today, and tomorrow. We hope the yesterdays and todays in Ahoskie High School will reflect on your achievement of success tomorrow.

Best wishes to each of you.

W T Gray

School Board

SCHOOL BOARD - Mr. W. T. Greene, Mr. William Miller, Mr. Wallace T. Gray, Chairman; Mrs. J. Alden Housten, Secretary; Dr. J. L. Frank.

To the Graduating Class:

Your graduation from Ahoskie High School is indicative of your ability, determination, and desire to achieve excellence in every endeavor that you undertake. May this accomplishment serve to inspire you to attain the highest and noblest that life has to offer. You have earned the respect, admiration, and love of your family and friends as you have worked to reach your goal. May you always have the wisdom to make the best decisions and the courage to do that which is just and right.

Sincerely,

Supt. R. P. Martin

R. P. Martin

As your principal and your friend it affords me genuine pleasure to bring to the staff of the CHIEF and to the student body of Ahoskie High School greetings and sincere good wishes.

I should like to take this opportunity to extend to you my congratulations on your success in high school work. Let me assure you of my continued support, and my deep and abiding interest in whatever contributes to your happiness and well-being.

Sincerely,

R. Woodrow Taylor

Languages

During our four years' work in English we strive to instruct our students in the fundamentals of good English, both oral and written. We are in complete agreement with Shakespeare when he said. "Mend your speech lest it mar your fortune." We believe that a command of one's mother tongue is a basic skill, upon which success in other fields largely depends. Toward a mastery of English as a tool of communication and self-expression we therefore direct our efforts.

We attempt also to acquaint our pupils with the rich heritage of literature from which they can derive pleasure, profit, and a deeper understanding of, and appreciation for, the fine and beautiful things which life has to offer.

Science

In the modern high school of today, a good science course must serve the needs of two important groups of pupils: those who will continue their education and those who will not. In Ahoskie High School, we are attempting to train and teach the children the steps of a scientific method; a willingness to change an opinion if evidence shows it to be wrong; and a belief that TRUTH itself never changes, but that our ideas of what is truth are certain to change in many respects as our scientific knowledge becomes more exact and more complete.

Physical Education

We believe that athletics and physical education provide a wholesome medium for the development of courage, a sense of moral values, cooperation, loyalty, and perseverance. Therefore it behooves all of us to become interested in this or any program that provides such training. In these days of strong competition and high-tension living it is well to ponder General MacArthur's words when he said, "On the fields of friendly strife are sown the seeds that someday will reap a harvest for Victory" - Victory for our own lives and victory for our nation.

Commercial

Business Education courses are no longer taught solely to train for a vocation, but for their personal use values as well. However, many A.H.S. graduates without further business training have successfully held jobs as bookkeepers, secretaries and typists. This year the Business Education department includes courses in beginning and advanced typing and bookkeeping.

SUCCESSFUL YEAR

MR. JULIAN FREEMAN
Math, Geometry

Mathematics

As teachers of mathematics our aims are to create and sustain interest in mathematics among the students of our school. We seek to broaden and deepen basic mathematical concepts and to give the child the ability to perform the fundamental algebraic operations correctly in simplifying or solving equations.

MRS DEANES BRETT

MRS. HARRY SAMS
History

Social Studies

History is a living and vital subject which records the successes and failures of man in his march through time. We attempt to recognize the needs of a changing world with the hope that children may be made more keenly aware of the fact that "man is no longer an island unto himself but that the shores of his concern have greatly expanded." Our aims: to teach the facts as they are presented and to hope that through this knowledge, both of the past and present, we will build citizens whose understanding will grant them the privilege of being well-informed, tolerant, and responsible Americans of the future.

MR. LANSING PEACOCK
Agriculture

Agriculture

The aims of vocational agriculture are to develop the potential skills of the individual having a farm background and those who profess a keen interest in allied agriculture occupations. Since about 40% of our total work force is employed in jobs directly or indirectly related to agriculture, we cover some of the large areas systematically. Since no one has devised a way of identifying people who will go into an occupation, it is better to try to give the individual something fundamental that he can use in helping him make future decisions. This we strive to do in vocational agriculture training.

Library

Next to knowledge is knowing where to find facts which are needed. With a collection of about 3,000 volumes, a subscription list of 20 periodicals, the best encyclopedias and other reference books, and a full-time qualified Librarian, our library was one of the first departments in our school to meet the requirements of the Southern Association of Secondary Schools. "No entertainment is so cheap as reading, nor any pleasure as lasting." - Montague

MRS. J. P. FREEMAN
Home Economics

Home Economics

Homemaking education is centered on home activities and relationships which enable the individual to assume the responsibilities of homemaking. From instruction in this field, pupils are helped to understand that the home can provide an atmosphere in which an individual may develop a feeling of adequacy, thus enabling him to cope with the problems of everyday living and grow increasingly independent in solving these problems to the satisfaction of himself as well as others.

MR. ROBERT BROWN

Music

Music is the mediator between the spiritual and the sensual life. Although the spirit be not master of that which it creates through music, yet it is blessed in this creation, which, like every creation of art, is mightier than the artist.

As the service organization of Ahoskie High School, the Student Council promotes and directs the activities of the students. Its main purposes are to create opportunities for closer cooperation between students and faculty, to provide opportunities for student self-direction, to provide a forum for discussion of questions of interest to the student body, and to create and maintain standards of good citizenship among students.

Betas working on their annual chicken salad supper to earn money to go to the state convention.

Mrs. C. W. Hughes performs her usual task of carving ham for the Beta supper.

Beta Club

The Beta Club is a national scholastic organization for high school students.

Its purpose is expressed in the motto, "Ducamus aliis serviendo" (Let us lead by serving others), and by the three words on the Beta shield - Achievement, Character, Leadership.

Annual

Staff members hard at work.

"CHIEF Gunsmoke" brought in many annual sales.

Coaches - Jack Young and Julian Freeman

SUMMARY OF FOOTBALL SEASON

The 1960-61 football season at Ahoskie High School, though not posting a conference championship, was nevertheless one to be remembered. Football camp at Burnsville started this season with a bang. All returned home with more skills, a better understanding of the game of football, and the team unity for a successful year.

The coaches, whose sense of humor kept the spirits high and whose ideas of fair play sent our boys fighting, and the cheerleaders and fans who urged them on, are long to be remembered.

The wonderful spirit, the determination on our boys' part, the fun and the laughs - these will remain in our memory as an important part of the 1960-61 football season.

Assistant Coach - Carroll Daniels

Left to right - FIRST ROW: D. Linkous, H. Beaman, B. Vanderberry, C. Beard, B. Williams, A. Beale, P. F. Darden, R. Asbell, G. Felton, M. Chamblee. SECOND ROW: C. Taylor, S. Godwin, W. Blanchard, J. Young, J. Dilday, D. Peele, S. Barrow, C. White, L. Cooke, B. Pritchard. THIRD ROW: B. Kinlay, S. Dunn, O. Edwards, J. Williams, E. Capps, B. Williams, E. Evans, R. Odom, C. Lowe, K. Purvis, A. Massey.
